Official Notification Regarding Transition from Bi-Semester to Three-Semester Academic System

In accordance with the recommendation of the BUBT Academic Council, approval of the BUBT Syndicate and subsequent affirmation of the BUBT Trust, this is to inform all the students, faculty members, officers and staff that the university will be transitioning from the current Bi-Semester System to a Three-Semester Academic System, effective from January 2026.

This transition aims to further enhance the academic calendar management, ensure better course distribution, and facilitate more effective utilization of teaching and infrastructural resources throughout the year.

Under the new system, the academic year will be divided into three regular semesters—Spring, Summer, and Fall, each with its respective duration, course load, and examination schedules as per university regulations.

All faculty members, officers, and staff are requested to take note of this important academic reform and extend their full cooperation in ensuring a smooth and effective transition to the Three-Semester System from January 2026.
